19-0399-1 TA-AC	TVO Dispute S.60(1)	Classification	2019-03-21	2019-10-07	Parts for cabinets and drawers	2020-09-22	Allowed in part	Information requested by the original officer, but not received	The goods described as aluminum drawer slides, drawer railings, clips and brackets are properly classified under heading 8302.42.00 as base metal mountings, fittings and similar articles suitable for furniture. They are “parts of general use” and therefore excluded from classification under heading 94.03 by Chapter 94 Note 1(d) as well as from heading 76.16 by Section XV Note 2. The goods described as plastic railing attachments and plastic railing clips are properly classified under 3926.30.00 as plastic fittings suitable for furniture. These goods are defined as “parts of general use” of plastic and therefore excluded from classification under heading 94.03 by Chapter 94 Note 1(d). The goods described as a front panel is properly classified under tariff item 9403.90.00 as parts of furniture. The aluminum cutlery insert will remain classified under tariff item 7616.99.90 as other articles of aluminum. All other goods without product information will remain as classified. Most of these appear to be knife and cutlery inserts.	7616.99.90	9403.90.00	8302.42.00 and 3926.30.00 and 9403.90.00 and previously classified
